

# REEL TIME

## SCOTTISH EVENTS AND ENTERTAINMENT

### Social Program

If you are organising a conference or corporate event then you should not forget about a social program for your delegates. This allows them to relax and unwind after a hard days work. We have been working with conference organisers for many years now, putting together social programmes which let delegates enjoy themselves while sampling some of our unique Scottish culture. Whether it be a whisky tasting experience, a Ceilidh evening, or getting dressed up in kilts we have the staff and expertise to make your event a success.

We work every week with international audiences, so we can help you design a social program which fits with your delegates needs and also comes within your budget. If you are looking for a company who is proud of its Scottish culture who will help to exceed your guests expectations, then speak to [Reel Time Events](http://Reel Time Events).

#### Piper

Traditionally dressed Bagpipers to greet your guests and make some memorable Scottish photos.

Piper can announce and pipe guests for dinner. Most of our pipers can also perform Robert Burns poem, "The Address to the Haggis".

#### Dancer display

Scottish Highland Dancers, in traditional outfits perform displays for our clients. These routines involve Highland Fling, Sword Dance and Scottish Lilt. They can spice up a conference reception or intersperse courses of dinner.

#### Ceilidh Evening

We will teach your guests to dance in the Scottish way and let their hair down for a ceilidh. We talk guests through the steps in this traditional form of Scottish socialising with our 3 or 4 piece ceilidh bands.

#### Whisky Tasting

Our whisky tasting team puts on lively whisky events for clients, who can decide how formal or informal they would like the program. Whisky is a social lubricant and our tastings encourage interaction from your guests.

#### Scottish Gift Bags

As a perfect memento of your conference, many of our clients offer their guests a gift. We can organise a range of branded or unbranded gifts and gift bags.

#### Cheese Tasting

There are some wonderful Scottish cheeses available, from the cheddars of Mull to soft creamy Grimbister from Orkney. We find the cheese runs well with the whisky tasting, to soak up a little of the alcohol! (Of course promoting corporate social responsibility!)

#### Clann Battles

If you are wanting to take your guests by surprise... then why not organise a fight! Reel Time works with The Clann, who perform Scottish fight displays with swords, axes and claymores. They come dressed in old kilt outfits and all risks are mitigated. 15-30 min performances, from 4 to 8 man team.

We also work with Robert the Bruce and William Wallace who will entertain guests with their historical ghost and comical stories. They can even bestow a Knighthood on the boss.

#### Kilt Hire

If you want to immerse your guests in Scottish culture, then we can organise to dress them in traditional Scottish dress. Kilt outfits for gentlemen and tartan sashes for ladies. Sizes are ascertained before the event, we then bring the outfit to the guests hotel, show them how to wear it, then pick the outfit up the following day.

#### To book

For more information about the services we provide, and to book, please send an e-mail to [events@reel-time.co.uk](mailto:events@reel-time.co.uk) or call us on **0131 346 8393**
